

Dombay Organic Conference Cluster

DOCC-2016

29th May – 4th June 2016, Dombay, Russian Federation

Chairmens

Prof. A. Aksenov (North-Caucasus Federal University, Russian Federation)

Prof. V. Nenajdenko (Lomonosov Moscow State University, Russian Federation)

This International Forum will combine several interrelated scientific events:

International Conference "Modern Trends in Organic Chemistry",

9th Eurasian Meeting on Heterocyclic Chemistry,

Conference for young organic chemists.

Dombay is a world famous ski resort situated in a picturesque part of Southern Russia (Western Caucasus), encircled by year-round snow-capped mountains and glaciers. You can enjoy multiple sport activities and local tours to Sochi, the host of 2014 Winter Olympics, balneological resorts known worldwide for natural, healing, mineral water (Kislovodsk, Zheleznovodsk, Essentuki), and visit magnificent Mount Elbrus area. You will fall in love with the unique Caucasus cuisine and selection of high quality local wines and brandies.
