

Balticum Organicum Syntheticum BOS-2016

July 3–6, 2016

The Ninth International Conference on Organic Synthesis

*We welcome you to Riga, Latvia, for four days of organic chemistry
and a unique cultural, linguistic, and social experience!*

The following chemists will present lectures:

Riina Aav, *Tallinn University of Technology, Estonia*

Emily Balskus, *Harvard University, Cambridge, USA*

Inga Čikotienė, *Vilnius University, Lithuania*

Stephen Dalby, *Merck, Rahway, USA*

Sheng Ding, *University of California, San Francisco, USA*

Antonio Echavarren, *ICIQ, Tarragona, Spain*

Frank Glorius, *University of Münster, Germany*

Nuno Maulide, *University of Vienna, Austria*

Pavel Mykhailiuk, *KNU, Kiev, and Enamine, Ltd., Ukraine*

David Nicewicz, *University of North Carolina, Chapel Hill, USA*

Peter Nielsen, *University of Copenhagen, Denmark*

Per-Ola Norrby, *AstraZeneca, Mölndal, Sweden*

Virgil Percec, *University of Pennsylvania, Philadelphia, USA*

Sarah Reisman, *Caltech, Pasadena, USA*

Travis Remarchuk, *Genentech, Inc., San Francisco, USA*

Ryan Shenvi, *The Scripps Research Institute, USA*

Stefan Schunk, *Grünenthal GmbH, Aachen, Germany*

Brian Stoltz, *Caltech, Pasadena, USA*

John Sutherland, *MRC Lab. Mol. Biol., Cambridge, UK*

Maris Turks, *Riga Technical University, Latvia*

Organizing Committee:

Victor Snieckus (Queen's University, Canada), **Eugenijus Butkus** (Vilnius University, Lithuania), **Jaan Pesti** (Gelest, Inc., USA), **John Duncia** (Bristol-Myers Squibb, USA), **Peteris Trapencieris** (Latvian IOS, Latvia)
